\$4,065,000 Revenue Issue

Approve Bonds to Help Finance Intensified Sewage Treatment

A revenue bond issue of \$4,065,000 was adopted by the Granite City Council Monday night in a major step toward construction of a secondary sewage treatment plant and compliance with state and federal mandates to upgrade sewage treatment.

The ordinance, approved without a dissenting vote, earmarks \$3 million of the bond sale proceeds for secondary sewage treatment, and provides the remaining \$1,065,000 shall be used to refund outstanding

bonds issued in 1963 and 1964 to finance construction of the city's present primary treatment plant.

Although the bond ordinance provides an interest rate of 7% on the bonds, Alderman R. E. Robertson, chairman of the council's Pollution Plant Committee, said the bonds are expected to be sold at a lower rate.

Robertson said the 7% interest figure is the maximum allowable under state statutes and that the maximum figure must be em-

bodied in the bond ordinance.

He said bids will be sought on the sale of the bonds after contracts for construction of the secondary sewage treatment facilities are awarded.

Will Delay Sale

"We want to save as much money as possible and we figure it will be more economical to hold up on the sale of the bonds until all work preliminary to awarding of actual construction contracts is completed," he said.

"In this way, we won't be

paying interest on the bonds during the time it takes to reach the construction stage," he added.

Approval of the bond issue will enable the city to obtain commitments from the state and federal Environmental Protection Agencies as to the amount of grants the city may expect.

The bill specifies that the project "shall consist of all necessary construction work to increase the capacity of the wastewater treatment plant to 23 million gallons daily (present capacity is 20 million); modify and add to existing primary treatment and pumping facilities."

"Add secondary treatment, including disinfection; add on-site incineration of sludge; Add auxiliary facilities for primary treatment and disinfection of combined overflows; and eliminate the bypassing of untreated sewage to the Mississippi River."

May Amend Bill

City Treasurer Paul Rutledge said after the council action that the amount of the bond issue may have to be amended later when the amount of available state and federal grants is finally determined.

The \$3 million set up for secondary treatment facilities is based on an estimated total construction cost of \$11,730,400, according to the bond ordinance.

The ordinance sets out that the city expects to receive state and federal grants totaling \$5,730,400.

The total issue of \$4,065,000 will be dated Oct. 1, 1972, and cover a 20-year amortization period. Bonds will be payable in varying amounts on Jan. 1 of each year through Jan. 1, 1993.

Principal payments will begin at \$50,000 on Jan. 1, 1974 for the first ten bonds and will increase each year. Payments in the final year will total \$340,000, due on Jan. 1, 1993.

No provision is included for a referendum on the issue unless a petition for such a vote is filed after legal publication of the ordinance.

Petitions bearing signatures of 15% of the total vote cast for mayor in the last general municipal election would have to be filed within ten days after publication to obtain an election. However, there is no

Tuesday night to purchase a used crawler-type high lift tractor so that the city can demolish the buildings and charge the costs to the owners. The tractor was purchased

from A. H. Seebold Co. for \$4,500.

The used Seebold tractor was purchased rather than a used \$3,750 tractor from G. H. Sternberg & Co. on the recommendation of the city's purchasing committee.

The recommendation indicated the Seebold unit is in better condition and is more suitable for the city's needs than the other tractor.

The Seebold firm also offered a one-year guarantee with the tractor which was not offered on the other unit, councilmen were told.

The city also entered into a lease-purchase agreement with Banco Equipment & Supply Co. of Madison for a trailer, hitch and loader to carry the tractor. The lease agreement is for \$107 per month.

Mayor Mike Sasyk said he feels the city will be able to demolish condemned buildings faster than private contractors.

Post Offices to Open On Saturday Mornings

The three main post offices in the Quad-Cities will resume Saturday morning business hours, starting this week.

Postal services to be offered from 9 a.m. until noon will include sale of stamps and money orders and mailing of parcels and letters.

Announcement of the new Saturday hours came today from Postmasters W. T. Overbeck of Granite City, William Clinton of Madison and Charles Simmons of Venice.

Branch offices at Mitchell and Namooki will remain closed on Saturdays, Overbeck said.

Numerous requests from patrons resulted in the decision to resume the half-day business schedule, the postal officials explained. Saturday hours were discontinued locally in January 1971.

Postal services on Saturday will not include third-class mailings and meter settings, it was noted.

Also not part of the half-day schedule is acceptance of passport applications, which are forwarded from the Granite City Post Office for validation to Washington, D. C., and the Chicago regional office of the U. S. Department of State.

NEW GOVERNING BOARD MEMBERS of St. Elizabeth Hospital include, left to right, Dr. Leo A. Sachar, Sister Marie Clare and Sister M. Isidore; at far right is Phillip Dressel, a new member of the hospital's lay advisory board.

Dr. Sachar, a general surgeon, has been on the consulting staff here since 1955; Sister Marie Clare, of the Sisters of the Third Order of St. Francis, is

executive vice-president of St. Joseph's Hospital, Highland; Sister M. Isidore of the Sisters of Mercy is director of community relations at St. John's Mercy Medical Center.

Dressel is president of the Consolidated Fruit and Flavor Corp., Granite City. Also joining the advisory board is John McCreary, manager of industrial relations of Granite City Steel Co.

River Festival Ends Year with Surplus; Concerts Again in '73

The 1972 Mississippi River Festival ended its six-week summer season with a surplus of \$15,800, it was announced Tuesday by Ernest A. Karand, treasurer, at a meeting of the board of directors of the River Festival.

The surplus from the 1972 season will be used to defray an outstanding deficit carried over from the preceding year, reducing the organization's accumulated deficit to \$10,495.

A motion was passed unanimously by the Festival board that "in view of the Mississippi River Festival having completed its most successful season in 1972, ending the season 'in the black' with the help of many contributions and the highest attendance ever, that plans be made to present a 1973 Festival."

Motions thanking Southern Illinois University at Edwardsville, the Illinois Arts Council and the Missouri State Council on the Arts also were passed.

The Mississippi River Festival, which included 12 symphonic concerts by the St. Louis Symphony Orchestra and 16 pop-rock-folk events, was held for the fourth consecutive season on the campus of SIUE from July 8 through Aug. 21.

Major financial support for the Festival was received from the Missouri State Council on the Arts, the Illinois Arts Council and solicited contributions from Friends of the Mississippi River Festival.

Mrs. Robert H. Orchard, chairman of the Friends of the Mississippi River Festival, reported that the Friends contributed 456 gifts for a total of \$48,830.

1 DAY WITHOUT A QUAD-CITY TRAFFIC FATALITY

Expenses for the 1972 season totaled \$66,855.

These expenses were met through an earned income of \$443,755, from ticket sales, from parking and food sales and through contributed income of \$176,830 from the St. Louis Symphony Society, Friends of the Mississippi River Festival, the Missouri State Council on the Arts and the Illinois Arts Council.

Request Bids on Paving Rest of Johnson Road

A call for bids for improvement of Johnson Road from Franklin Avenue to Ponton Road — Granite City's No. 1 priority street project for the past four years — was authorized by the city council Monday night.

The council instructed City Clerk Robert Stevens to set a bid call date as soon as the specifications can be prepared by the Illinois State Department of Transportation district office at French Village.

Estimated cost of the project is approximately \$317,000. The project will be financed entirely out of motor fuel tax funds.

Engineering and planning for the Johnson Road project was completed in early 1971, but the project faced long delays in negotiations for right-of-way necessary to the widening of the street.

The improvement was planned in two sections and bids will be called for improving Johnson Road from Franklin Avenue to Edgewood in a second section, and from Edgewood to Ponton Road in a second section. Originally the work had been planned under one phase from Franklin to Lindell, and a second from Lindell to Ponton Road.

The Johnson Road improvement will include resurfacing and widening with curbs, guttering and drainage. Engineers

said the improvement will do much to solve drainage problems in the area.

An ordinance authorizing the issuance of special assessment bonds was not completed in time for action in Monday night's council session. The bonds would finance construction of the downtown Granite City Mall project.

Mayor Donald Patney said last week that action on the ordinance was scheduled for Monday night's meeting, but the ordinance has not yet been delivered by Charles & Trauer, St. Louis bonding authorities who are preparing the bond measure.

Nameoki Trash Collection Alternatives Being Studied

There may be more than one way in which Nameoki Township could comply with independent trash regulations which go into effect Oct. 1, it was noted during a regular Nameoki Township board meeting Monday night at the Town Hall.

Carl Macios, a member of the board of town auditors, said he is studying regulations which would allow the township to establish its own trash collection program. However, such an undertaking might prove to be costly, he reported.

An alternative might be to adopt regulations which would govern the procedures followed by independent trash collectors currently in business, a discussion brought out.

Supervisor Louis Whittell reviewed new state regulations under which physically able public aid recipients aged 16-65 are to participate in work programs to qualify for continued assistance.

As a result of the requirement, a work program is to be set up within the township, utilizing general assistance recipients for office and other duties, geared to their abilities and the township's needs.

Kenneth Gieson of the board of auditors reported the availability of a large lot in Miracle Manor as a possible "mini-park."

Supervisor Whittell, who is chairman of the County Board's parks and recreation committee, said the county generally has been limited to parks of five acres or more but will consider the proposal.

On-site county zoning hearings in the area were reported. Other officials present included Eugene Gargac of the board of auditors, Town Clerk Douglas Teeter, Highway Commissioner Albert Bell and Township Attorney William Schooley.

Last year alone, over 50,000 Illinois licensed drivers failed the state written examination. This year the number of drivers that will fail could jump to a hundred thousand or more. Experts say — "One reason is, that rules and regulations change, and even some good safe drivers just don't keep up with the new laws."

If your license expires this year, you may be among the hundreds of thousands that will be re-examined in 1972. So if you're nervous about taking the state written exam, here's

The bride selected a short gown of candlelight chiffon over satin designed with a fitted bodice, short sleeves and a high neckline enhanced with alencon lace, etched with tiny seed pearls.

A full circular skirt was accented at the natural waistline with a wide midriff band of matching lace and embellished with pearls.

She wore a chiffon veil edged with scalloped Alencon lace and carried a tear-drop bouquet of gladiolus and stephanotis encircled with fresh lemon leaf.

Miss Linda Ann Hack, the maid of honor, chose a street

length dress fashioned along princess lines of pale orange crepe. Ecru cotton lace edged the scooped neckline and trimmed the short puffed sleeves.

She held a bouquet of honey gold pom poms, Woolburn Abby talliesman roses and baby breath, festooned with long streamers to match her dress.

Pleasant Surprises as GCHS Football Practice Continues

"Things are moving a little slower than I would like them to; however, there have been some pleasant surprises as our practice continues," Wayne Williams, head Granite City High School football coach, related to the Press-Record today.

"The Hollis twins as defensive linebackers are looking good. Jon Stagner and Dale Williams also are doing well as half-backs."

The Hollis twins are Kevin, 5-11, 170 pounds, and Keith, 6-0,

180. Both are juniors and returning lettermen. Sagner, 5-4, 155, is a senior and a returning letterman. Williams, a junior, is 6-0, 165, and a returning letterman.

"Our defensive secondary so far looks horrible, to put it in plain English," Williams lamented. "We have got to come up with something in this area, but at this stage of the game I don't know what or who will develop."

"Our offensive linemen are more advanced than any other area of our team. Barry Loman, Brad Weiss and Brad Hiles look sharp. They look and act like returning lettermen," Williams commented.

Loman is 5-9, 185, a senior, playing guard; Hiles, 6-0, 210, senior, guard; and Weiss, 6-0, 186, senior, tight end.

"Russ Miller (5-11, 205-pound senior) is looking great at center and if no one develops he

may have to go both ways—offense and defense—and play middle guard," Williams continued.

"Walt Reinhardt (6-3, 220, senior) and Jack Schooley (5-10, 185, senior) also are doing a good job in practice."

"We are getting a lot of minor muscle pulls and strains in practice and the heat has slowed us down. But so far we are free of any real injuries," the coach reported.

"I am not sure what we will do for a quarterback yet. We might go until our first scrimmage game before we pick one," William said.

Warrior fans will get a look at this year's gridiron on Sept. 7 at 8 p.m. on the GCHS football field. The first string of offensive team will play the first string defensive team, with a number of substitutions planned.

WATERMELON WHEN IT'S HOT. Illinois members of the Peru (Nebraska) State College Bobcat football squad sloshed in watermelon after hot two-day practices. Hosts for the event were Peru Kiwanis Club members. Sifting through the seeds are (left to right): Don Yates, Peru Kiwanian; Harley Davis and

Darrell Jones, both of Jerseyville; Tom Purcell, Ramsey; George Wendel, Peru Kiwanis president; Barry Reed, Henry; Rich Watson, Godfrey; Rod Wartman, Calumet City; Avery Wallace, Alton; Joe Worthen, Mark Coy and Joe Wallace, all of Granite City; and Head Coach Jack McIntire.

Open McGovern Campaign Here, Registration Drive Pledged

A massive voter registration drive and a house-to-house canvass in the Quad-Cities were pledged Tuesday night as 40 workers met to open the presidential campaign here of Sen. George McGovern.

The workers, including 15 Democratic precinct committeemen from throughout the Quad-Cities, met at Tri-City American Legion Post 113, to be assigned campaign jobs by Jon Davis, coordinator of the campaign for Madison and St. Clair Counties.

Among those in attendance were Nelson Hagnauer, chairman of the Madison County Board, and Walter "Buck" Simmons, chairman of the Madison County Democratic Central Committee. Both pledged support for McGovern.

"This will be a campaign not only for Sen. McGovern but

Granite City PRESS-RECORD
Page 8 Thurs., Aug. 31, 1972

also against (President) Richard Nixon. Nixon is the force that unites us," Davis told the gathering.

Polls Against McGovern

"The polls now are not the best for us, but with hard work, we feel we can change them," Davis said. He urged that an effort be made here to bring the labor vote to McGovern.

He said he would like to see a McGovern committee started in every industry in Madison County "to dispel some of the false rumors being circulated about Sen. McGovern."

"Many laborers do not know why they do not like him. There is no reason why the working man should support

Richard Nixon. McGovern does care about the working man," Davis asserted.

He said the most important phase of the campaign will be voter registration. He said that of 175,000 or more eligible voters in Madison County, only about 123,000 have registered to vote.

"That leaves 50,000 persons we have to get registered. Most are in the 18 to 24-year-old range and studies have shown that most of those in that age group will vote for McGovern," Davis stressed.

40 Days Left

"We have only 40 days left to get these people registered, so we will need to get to work right away," Davis stated.

He asked those present sign up for one or more of five committees, finance, voters registration, publicity, recruitment and office.

He said it is hoped that a McGovern campaign office will be opened here by the end of this week.

McGOVERN RALLY and campaign kickoff meeting here Tuesday night. Nelson Hagnauer, chairman of the Madison County Board, addresses 40 persons, including 15 area Democratic precinct committeemen.

When It's Hot, It's Hot -- But Ice Rink Opening Soon

A cooling note was injected into the 90-plus-degree weather being experienced this week in the Quad-Cities with announcement of the opening date of the Wilson Park ice rink.

Job openings at the Granite City Park District facility for the approaching winter season also are being announced.

Harold Brown, Granite City superintendent of parks and recreation, said the 1972-73 skating season will start Sunday, Oct. 8, if weather permits.

Everything is set to go—the equipment and building—but much cooler temperatures will be needed before the ice-making process would be effective, Brown said.

Despite the current hot weather and the prospect that about 80-degree temperatures may continue, applications for winter jobs are now being accepted at the Wilson Park office, Bill Hodge, rink manager, reported.

Application forms may be obtained at the office Monday through Friday from 9 a.m. to 5 p.m.

Positions open include skate guards, cashiers, park police and concession stand workers.

Prospective employees must be 18 years or older and not attending high school, Hodge said. Applicants must be residents of the park district, the rink manager added.

John A. Cooley, 74, of 5041 Lewis Ave., a retired bartender, died at 11 a.m. Wednesday at St. Elizabeth Hospital. He had been ill two years and a patient in the hospital two weeks.

A Granite City resident for 30 years he was born in St. Louis. Mr. Cooley was a member of the Bartender's Local 192.

Survivors include a brother, Arthur Cooley of St. Louis, and an sister, Mrs. Mae Cox of Bismarck, Mo.

Straight Shooting GC Officers Earn Awards

Granite City Police Patrolman James Lengyel was honored yesterday as a master in marksmanship after earning the highest target score of all officers competing in the annual Police Pistol Combat Qualification Course this summer.

Lengyel fired a score of 443 out of a possible 450 points on the John Marshall Firing Range near Route 162, southeast of Granite City, where the competition was held each Tuesday and Thursday in May, June, July and August.

Competition consisted of firing 30 rounds from distances of seven, 25 and 50 yards in six positions, standing, kneeling, prone, sitting and left and right barricade.

Scores of 436 and better qualify the officers as masters. Other minimum qualifying scores were expert, 418; sharpshooter, 387; and marksman, 292. Each officer must fire three rounds each season in the master range to earn that rating.

Sgt. Gerald Pinkerton fired rounds of 438, 437 and 432 this season, the last round four points shy of qualifying him for master.

Patrolman Robert Astorian was high in the Expert class, firing a 429, and was followed by Patrolman Ronald Selph who fired a 421.

Falling 1 point below Expert, but taking first place in the Sharpshooter class was Patrolman George Gallus who fired 417. Others qualifying as Sharpshooters were Patrolmen Glenn Wright, 414; Donald Knight, 412; Roy Kobernat, 406; Leo Willis, 399; and Albert Young, 392.

Serving as Range Officers this season were Sgt. Harry Mitchell, Sgt. Gerald Pinkerton

and Assistant Chief George Teller.

Granite City Police Local 1347 is awaiting the finalization of a departmental classification of merit patrolman, which would provide an incentive pay increase of \$20 per month. Qualifying on the Police Combat Course is one of the prerequisites required.

Trophies were presented yesterday by Teller to Lengyel, Astorian, Gallus and Joyce for having the top scores in their classes.

Central Christian Starts Fall Program

A new fall schedule of events will start Sunday at Central Christian Church (Disciples of Christ), 2020 Johnson Road, the Rev. Dr. L. Jim Anthis, pastor, announced today.

The church school for children and the academy for adults will begin at 9:25 a.m. Sunday, with the worship celebration commencing at 10:45 a.m., the minister said.

Two adult courses will begin this week, with "Biblical Studies" to be conducted by Mrs. Velma Gruen and the Young Disciples study course, using the theme "Become Community," led by Edward Lurton.

Additional courses in the church's academy program will start Sunday, Oct. 1, "Contemporary Theology III," dealing with the "Theology of Play" and studying the theologians Malmgren, Cox and Keen, will be taught by Dr. Anthis.

A second course, "Christian Ethics I," instructed by the

Rev. Russell Wigfield, associate minister, will focus on the topic "Christ and Culture" and look at contemporary ethical responses of the Christian.

During the fall months the local church will continue its relationship in the "Partnership Ministry" program with the Institute for Advanced Pastoral Studies (IAPS) of Bloomfield Hill, Mich. Central Christian Church also will be the setting for the Ecumenical Institute of Chicago courses in the St. Louis area, Dr. Anthis said.

Dr. Reuel Howe, a world renowned author, lecturer and director of the IAPS, is the proposed lecturer for the fall leadership series, the Granite City minister said. The seminar will be ecumenical in scope, he added.

Plans are being made to hold a transactional analysis growth group one evening each week, also ecumenical in concept, Dr. Anthis said.

The Central Christian congregation will continue to work

Women of the church will join with members of Church Women United in sponsorship of the Nearly New Clothing Center, a tutoring program and mental health project. The women also will be participating in the "Meals on Wheels" program, the minister advised. Persons interested in taking part in any of the fall activities at Central Christian Church are invited to contact Dr. Anthis, at 876-0532, for detailed information.

MR. AND MRS. CHRIST E. TAYON. They were married at the First Baptist Church. Mrs. Tayon will be remembered as the former Miss Laura Little, a daughter of Mrs. Olea Little of Madison and Robert Little of Granite City.

Miss Laura Little and Christ Tayon Are Wed

The First Baptist Church, 21st Street and Delmar Ave., was the scene of the wedding on Aug. 26 of Miss Laura Little and Christ E. Tayon.

Parents of the couple are Mrs. Olea Little, 1051 Washington Ave., Madison and Robert Little, 2601 E. 25th St., and Mr. and Mrs. Leonard Tayon, 336 N. Main St., Tooe, Utah, formerly of Granite City.

Trinity candles in branched candelabra and pink and white 'mums' provided the scene for the 7 o'clock double ring ceremony, performed by the Rev. Edward Hamilton.

Matron of honor was a sister of the bride, Mrs. Shannon Goad and the bridesmaids were Miss Vicki Little, the cousin of the bride, Miss Betty Baker, Miss Dorothy Tayon, the groom's sister, Mrs. Peggy Weiss and Miss Mary Goodrich.

They were gowned alike in dresses featuring white Empire bodices designed with square necklines, trimmed with pink insertion ribbon. Ribbons also encircled the high rise waistlines and the full bishop sleeves were accented at the elbow and cuffs with matching ribbon and lace.

Their full length circular skirts were fashioned of petal-pink chiffon. Each attendant wore a nose tip veil in matching color secured with a flat satin bow and carried a basket of summer flowers.

Tamra Wright, a niece of the bride, was in a long white silk organza frock trimmed with a pink organza panel at the front and pink bow at the back waistline. She held a small basket of summer flowers.

Red Cross Offers First-Aid Courses

The Tri-City Chapter of the American Red Cross will offer two standard first-aid courses during September. Mrs. Maxine Dunham, first-aid chairman, said today.

The standard course, taught by the multi-media method, will be held from 6 p.m. until 10 p.m. on Sept. 7 and 14 at the Civil Defense office, 1411 Nineteenth St. It is primarily designed for plant employees, although participation is not restricted. Clifford Dunham will reach the multi-media course.

The standard course being taught by the regular method under the direction of Mrs. Opal Davis will be held Sept. 12 from 9 a.m. until 11 a.m. and continue on Tuesday mornings for five weeks at the Civil Defense office.

A person must be at least 14 and in the ninth grade to receive a certificate; however, Boy Scouts and Girl Scouts are welcome for merit badge work, Mrs. Dunham said.

Regional Report — Settlements, Motor Lodge, Library, Job News

(Illinois Metro East Industrial Development Corporation)

Wage settlements were reached during the week between two area carpenter councils and the Southern Illinois Builders Association. The agreements reached call for total increases of 40 cents per hour spread over a one-year period. The carpenter councils represent about 2,600 members in nearby counties.

The Wood River City Council has hired an Alton engineering firm to prepare project plans for a \$347,000 secondary sewage treatment plant. The plant must be installed by 1975 in order to meet federal requirements. Construction is rejected to begin early in 1973.

Fairview Heights continues to be a focal point for new banking activity with announcement that an application has been filed to organize the Fairview Heights Community Bank. The new state bank is proposed to have a capitalization of \$1 million.

Ground has been broken for the new Round Table Lodge on Route 157. The lodge will have 82 double-sized rooms and will include a swimming pool and steam room services. Completion of the facility is expected during March of next year.

Construction is expected to begin within the next 90 days on a Levitz Furniture Corp. store on Illinois Highway 159 near Fairview Heights. Plans have been revised to bring the size of the new building up to 150,000 square feet. It will house both a showroom and warehouse for the Arizona-based firm.

A grant application for \$330,000 by the Fosterburg Water District was approved by the executive advisory committee of the East-West Gateway Council.

Free Lunch Policy Set At St. Elizabeth School

St. Elizabeth School has announced a free meal policy for pupils unable to pay the designated price.

Local school officials have adopted the following family size and income scale to assist them in determining eligibility:

Family of one, \$2,420 annual income or \$201 monthly income; Two, \$3,180 or \$265; Three, \$3,940 or \$328; Four, \$4,680 or \$390; Five, \$5,380 or \$448.

Family of six, \$6,070 or \$505; Seven, \$6,700 or \$558; Eight, \$7,330 or \$610; Nine, \$7,900 or \$658; Ten, \$8,470 or \$703; Eleven, \$9,040 or \$753; Twelve, \$9,610 or \$800; each additional family member: \$570 or \$47.

Families falling within these scales or those receiving public assistance or those suffering from unusual circumstances or hardships are urged to apply for free meals for their children.

They may do so by filling in the application forms sent home in a letter to parents. Additional copies are available at the principal's office in each school.

Applications may be submitted any time during the school year. The form itself is simple to complete and requests information needed to determine economic need based on the income and number of persons in the family and any unusual circumstances or hardships which affect the family's ability to pay for school meals, school officials said.

ordinating Council. The grant funds needed to finance construction of an \$800,000 water distribution system in north-central Madison County.

Godfrey area residents are proposing to develop their own public library in the wake of

the defeat of a proposal to annex Godfrey and Foster Townships in Madison County to the Rayner Library District in Alton. A large turnout of Godfrey voters rejected the proposal by a 3 to 1 margin. The Hayner Library was converted from a city library to a

library district by a referendum held earlier this year.

Employment in the metropolitan area continued to decline, according to a report of the Missouri Division of Employment Security. For July, non-agricultural employment totaled

872,500, down from June totals and also a year-ago figure of 884,800.

The manufacturing sector has been one of the hardest hit areas with a decline in employment over the year of nearly 9,000 persons.

In other news, Owens-Illinois, Inc., has announced the promotion of Joseph H. Lemieux, manager of the company's Alton glass plant, to Midwestern Area manufacturing manager for the Glass Container Division. William P. Trowbridge will succeed Lemieux as manager of the Alton facility.

DID YOU KNOW?

Retail "Sale" ads have only limited credibility with shoppers... At least that's what an article from the Wall Street Journal stated, (8-17-72). A survey taken by Limited Stores, Inc. in Columbus, Ohio, says 73% of shoppers surveyed in eight cities were skeptical of at least some sale advertising. They complained that sale ads were "An insult to their intelligence" and that sales often featured inferior goods. This is one reason that you will find as many brand name products featured in Tri-City's "ads"... Just out of curiosity, would you please drop me a note on how you feel about grocery "Sale" ads.

Mrs. Ollie Clubb, 65, Dies; Survivors Here

Mrs. Ollie V. Clubb, 65, of 2919 Texas Ave., St. Louis, the mother of two Quad-City residents, died at 4:30 a.m. today at Deaconess Hospital, St. Louis.

Mrs. Clubb had been ill nine years and was admitted to the hospital three weeks ago.

A native of Arkansas, she previously lived in Forest City, Ark., but had spent most of her life in the St. Louis area. She was a member of the Church of Christ of St. Louis.

Surviving are three sons, James Clubb Jr. of Granite City, Jimmie Clubb of Venice and Roger Clubb of St. Louis; and four grandchildren.

Funeral services will be held here. Details are given in today's obituary column.

Boris Grigoroff, 74, Dies; Retired Printer

Born in Bulgaria, Mrs. Grigoroff was employed about 50 years as a linotype operator at the former Bulgarian language newspaper—Naroden Glas (National Public Voice) — which was printed here.

He is survived by his wife, Mrs. Viola (Daniels) Grigoroff; and two brothers, George and Nick Grigoroff, both residents of Bulgaria.

Funeral arrangements are given in today's obituary column.

Registration Extended For Adult Classes

Registration will continue through next Thursday for the fall semester of Adult Education courses at Granite City High School, M. W. Wittenberg, administrative assistant-Vocational and Adult Education, said today. Evening sessions start Tuesday.

A total of 496 adults has enrolled to date for the extension classes, the administrator said, noting the enrollment figure is about 200 fewer than the number registering last year.

The greatest discrepancy in student enrollment appears in the Industrial Mathematics series, which includes basic math and applied algebra, geometry and trigonometry.

Vacancies also are listed in the Data Processing, Blueprint Reading, Welding, Sewing and Steno courses. In the two latter classes, openings are most notable in the advanced instruction segments, Wittenberg said.

Interested persons may register at the high school from 8 a.m. until 4:30 p.m. Friday and from 8 a.m. to 9 p.m. Tuesday through Thursday.

Youth, 20, Struck With Stick, Injured

Jack Gallia, 20, of Rural Route 1, Box 434, Granite City, was injured in an altercation in an alley north of 20th Street and Madison Avenue at 11:30 p.m. yesterday.

Gallia said a friend and another youth were fighting with a stick and he was struck during the disturbance. He was treated at St. Elizabeth Hospital for a nose injury and was released. He returned at 4:30 a.m. today complaining that the bleeding had not stopped and was admitted.

Bicyclist, 14, Runs Into Moving Auto

William Morgan, 14, of 2017 Lee Ave., was injured when his bicycle struck the right side door of the moving auto of Kathleen Nolen, 1801a Fourth St., Madison, at 20th Street and Madison Avenue at 9:20 p.m. yesterday.

The boy was taken to St. Elizabeth Hospital where he was treated for a laceration to his right lower leg and an abrasion to his left elbow. X-rays were taken and he was released.

City Buys Own Bonds at 20% Discount

An offer by Columbian Securities, Inc., of Chicago to sell to Granite City \$50,000 worth of bonds in the Nameoki Area 4% Sewer Revenue Bond Fund at \$800 per \$1,000 bond was accepted by the city council Monday night.

The offer will save the city \$10,000 in principal payments, according to City Treasurer Paul E. Rutledge. The city will be required to pay accrued interest in addition to the reduced principal payment.

The bonds offered for sale to the city include \$10,000 in bonds with a maturity of June 1, 1980; \$15,000 due to mature June 1, 1980; \$15,000 with a maturity date of June 1, 1981; and \$10,000 due to mature June 1, 1982.

A bid offer of \$1,485 by the Layne-Western Co., Inc., of Kirkwood, Mo., to conduct a field investigation for two well sites and to make design recommendations for wells and pumps at the site of the city's secondary sewage treatment plant was accepted by the council. Only the one bid was received.

The council referred to its Street and Alley Committee a letter from Kenneth Kleberger of Research Planning & Design Associates, former motor fuel tax engineers for the city, concerning work on construction plans for improvement of Nameoki Drive.

Street Plan Approved
The Illinois Department of Transportation two weeks ago approved planning for improved planning for improved

ment of Nameoki Drive from 25th Street to Circle Drive at a cost of \$392,000. The city council, however, held up payment of a \$15,000 engineering bill filed by Research Planning. Alderman R. E. Robertson asked that the bill be held up pending an investigation into the length of time required for completion of the engineering work, pointing out that Research Planning was replaced as the city's MPT engineers on Jan. 1, 1972.

Kleberger pointed out in his letter to the council that at the time the engineering firm's contract with the city was ended, the state instructed Research Planning to finish the design work on projects that the firm already had started.

Completed in January
He said that the design portion for the Nameoki Drive project was completed in January this year but that "they laid out the mayor's desk and touched until April 23." He said the project plans were not sent to the state until Aug. 10.

The council took no action to pay the \$15,000 engineering claim.

The council Monday night also approved an ordinance establishing traffic stops on Edwards at August streets, and on Vesel Avenue at Spaulding.

A request to conduct a "toll road" on Sept. 9 at Fehling and Johnson Roads, at Nameoki Road, was approved for the student branch of the Association for the Protection of Animals.

The fund drive will be conducted from noon until 6 p.m. by youngsters 13 to 16 years of age under adult supervision. The drive is to be conducted under supervision of the chief of police, according to council action.

INVOLVED IN ACCIDENT
The cars of Florence Clanton, 3152 Jill Ave., and Paula M. Meszaros, 2609 E. 24th St., were involved in an accident at Nameoki Road and Madison Avenue at 2:10 p.m. Tuesday.

PONTOON, SARA CRASH
The auto of Linda Barth, Apartment 15, 2708 Harvey Place, and the car of Charlotte M. Moore, 33 Bermuda Court, were damaged in an accident at Pontoon Road and Sara Street at 6:50 p.m. Tuesday.

KEYS, STAMPS TAKEN
Car and house keys and two trading stamp books were stolen from the car of Dorothy Drismanich, 2034 Twelfth St., at her home, the owner reported at 10:50 a.m. Tuesday.

Administrator Speaks To Madison Rotary

Floyd A. Fisher, administrator of the Madison County Nursing Home in Edwardsville, addressed the Madison Rotary Club at its Wednesday morning meeting in the Madison Recreation Center.

The facility, Fisher explained, is divided in two sections. One section known as the Shelter is designed for persons who can take care of themselves reasonably well. This section has a resident population of 35 persons.

The intermediate section, with a population of 96 residents, is for persons requiring more nursing care.

The birthdays of Rotarians Larry Palkes and W. F. "Mick" Strange were observed with the singing of the traditional song and the presentation of a flower.

The club is planning a bowling party Sept. 10 for members and guests at Tri-Mor Bowl, beginning at 3 p.m., followed by dinner.

MATRON AND PATRON

Mr. and Mrs. Lloyd (Mary) Whitworth are the presiding worthy matron and patron. They will hold a past officers' meeting on Oct. 6.

YOUTH JAILED
Robert Sharp, 19, of 2217 Cleveland, was sentenced to 11 days in the Madison County Jail after he was found guilty of contempt of court in Granite City at 10:50 a.m. Tuesday. He originally was arrested in May and was charged with not having his driver's license on his person while driving. He allegedly failed repeatedly to appear in court or to pay a fine.

FIRE DAMAGES SHED
Fire caused an estimated \$400 damage to a shed at the home of Shirley Travis, 1409 Cleveland Blvd., at 4 p.m. Tuesday. Children playing with matches ignited trash which burned and the flames spread to the shed, firemen believe.

ARRESTED ON COMPLAINT
Larry Weber, 28, of 2151a Benton St., was arrested at 10:30 p.m. Tuesday on a complaint charging him with battery. Weber allegedly struck his 2-year-old son on the mouth at home.

Park District Fall Trip To Ozarks Oct. 13-15

A special weekend excursion to the heart of the Ozark region of Southwestern Missouri's lake country is being arranged for Oct. 13-15, under the auspices of the Granite City Park District. Reservations must be received by Wednesday at the Wilson Park office to confirm accommodation at two lodges located at Forsyth, Mo.

The annual trip which includes a visit to Silver Dollar City, Mo., has produced excellent response from area residents since the excursions were initiated several seasons ago, Harold Brown, superintendent of parks, said.

Only 46 reservations are available this year, Brown reported. Transportation by chartered bus will cost \$12 per person and includes a side trip to Silver Dollar City.

Accommodation at Shadow Rock Lodge for double and triple rooms cost \$18.72 per room, per night. Rooms occupied by four people will cost \$25.20 per room, per night.

At the adjacent Pioneer Lodge, six double rooms are available at \$14.56 per room per night. Restaurant services are located in the lodge area.

Brown said that meals and entertainment charges will be paid by the excursionists and are not part of the quoted rates. Buses will leave the Wilson Park drive at 6 p.m. Friday.

Central Baptist Church Organized In Granite City

A new Southern Baptist Church was organized in Granite City this week and will be known as Central Baptist. The new congregation is holding services and church related activities at 3010 Highway 111.

At the first services Sunday 152 persons attended, with 149 in Sunday school. At the Wednesday evening prayer meeting, 105 attended.

John Lamb, former pastor of Calvary Baptist Church was called by the new congregation as pastor.

At an organizational meeting, Emory Wilson made the motion to organize the new church and Harry Hagopian read an organizational resolution. Pat Patterson, Jim Bowers and Ed Thomas were elected trustees. B. A. Scaturro presided as moderator at the meeting.

The new church will begin a week of special meetings starting with a Labor Day picnic at 3:30 p.m.

Todd Taylor, pastor of the first Southern Baptist Church of Alton, will be the guest speaker, at the nightly meetings beginning at 7:30 p.m. Sept. 4 through 10. Special music will be provided by Clyde and Bee from Des Moines, Iowa.

The new Central Baptist Church plans to affiliate with the Madison County Baptist Association, the Illinois Baptist state Association, and the Southern Baptist Convention.

There are 17 Southern Baptist churches and one mission in the Quad-Cities area.

Wilfred J. Edmonds, director of traffic for Granite City Steel Co., is retiring tomorrow after 48½ years of service with the company.

Granite City Steel, a subsidiary of National Steel Corp., is one of the largest metropolitan area users of rail, truck and river barge shipments.

Honored at Dinner
Edmonds was honored by traffic industry leaders at a dinner at the Glen Echo Country Club earlier this week.

He is a former president of the Traffic Club of St. Louis and a former director of the National Industrial Traffic League, the St. Louis-East Side Traffic Conference and the Mississippi Valley Association. He was one of the founders and first chairman of the East

Side Transportation Forum. He also was a director of the old Litchfield and Madison Railroad.

Edmonds is married, has three children and lives at 35 Oak Park Drive, Creve Coeur.

Newport Homecoming Will Open With Parade Saturday Morning

The annual Newport homecoming parade will begin at 10 a.m. Saturday and will wind through West Madison and North Venice from the staging area at the Fox Brothers Co. field to Lee Park.

Several local school bands and the championship Tom Powell American Legion Post band of St. Louis will provide music for the parade. Several Shrine units, six motor clubs and several local bicycle units will be interspersed with numerous floats.

Theme of the parade is "All together All Together" and floats will be judged on theme, originality and industry.

From the Fox Brothers field, the parade will proceed west on College Street, south on Seib Street, west on Market Street, north on Morehead Street, west on Douglas Street, south on Weaver Street, west on Jackson Street, south on Second Street, east on Bissell Street and south on Klein Street to Lee Park.

Arrival of the parade at the park will begin "one large three-day picnic," according to organizer David P. Barrett.

A carnival will open Saturday at the park and will continue through the three-day homecoming.

On Saturday morning, area

boys and girls will compete in trials for the track competition at the Venice High School track.

The track finals will be held at 4 p.m. Saturday, conducted by Howard Silas, sports coordinator, and George Tyus, track standstill at Southern Illinois University at Edwardsville.

Baseball and softball games for young men and senior citizens will be organized at the park.

Coronation Dance Set

A highlight of the annual homecoming will be the coronation dance at 8 p.m. Sunday, Sept. 3, at the American Legion Post 307 Dugout on Broadway in Venice, featuring the "13th Floor" band.

At the dance, the new homecoming queen will be crowned by the 1971 queen, Miss Verna Boyd, the daughter of Mrs. Albert Boyd of Venice. Miss Boyd is a senior at SIUE.

Candidates for the honor are Miss Marcia Newby of Venice and Misses Rosemary Timmons and Sharon Watson of Madison.

A farewell breakfast will be held from 8 a.m. to noon Labor Day at the Venice Community Center. Area choirs and singing groups will provide music.

Teen Dance Monday

A teenagers' dance, featuring the "Purple Haze" band, will be held from 4 to 8 p.m. Monday at the Venice Recreation Center.

A hospitality house with lounging facilities will be operated throughout the homecoming at the Henry Mitchell American Legion Post auditorium. A direct telephone line to the park will be provided so that those who are relaxing will not miss any of the activities at the park.

At least 500 former residents of West Madison, North Venice, Eagle Park Acres and Kerr Island are expected here for the homecoming.

MADISON TEACHERS MEET. Classes were held for half the day Monday and the students had the rest of the day off. But faculty members spent the afternoon preparing for the new year. The afternoon's activities started with a general meeting of

all the district's teachers and then each school staff met separately. Pictured above are the high school teachers, listening to Principal Richard L. Brown, not pictured.

NEW MADISON TEACHERS. Standing from the left are John Bridick, teaching seventh grade at Madison Junior High, James Reynolds, band at Dunbar and the Madison Junior High, Beverly Bos-

worth, fourth grade at Dunbar, William Caulk, mathematics at Madison High School, and Edward T. Walker, seventh grade at Madison Junior High. Classes began in Madison on Monday.

State Welfare Outlook Better

By PAULA MUSTO
Copley News Service

Springfield—"The welfare crisis . . . unfortunately, the situation may get worse before it gets better."

That was Edward T. Weaver's diagnosis last year as he took over the Illinois Department of Public Aid. With a winter and spring riddled with seemingly one welfare crisis after another, his prediction seemed pretty much on course.

Welfare rolls continued to skyrocket, while money problems threatened across-the-board cuts for those on general assistance. And when it came time to figure out the fiscal 1973 budget, Illinois taxpayers complained as public aid gobbled up 20% of the total state budget — another record appropriation.

Now, almost a year later, Weaver has another prediction. Things are getting better.

"Welfare is not the type of problem you can solve in

a year, but we are making progress," said Weaver.

He moved up from Children and Family Services last September to head the state Department of Public Aid, which is a giant even on state bureaucracy standards.

"It has been a year of change," said Weaver, "even though many of the changes have been invisible to the public."

To support this, he points out: 1. A new recipient job placement program started in April has put more than 2,500 welfare recipients to work.

2. A review of general assistance recipients in Chicago has reduced caseloads there by 12,000.

3. A welfare recipient identification card system is cutting check fraud in half in areas where the system is being implemented.

4. A program to shift as many as possible welfare cases onto federal programs is taking

some of the burdens from the state.

Weaver says that though he is pleased with the progress, he realizes much has to be done to put the state's public aid system in order. Keenly aware of the controversy welfare reform talk stirs up, he adds, "It can't be done overnight."

"There is an unfortunate tendency in the American people," said Weaver, "that they feel they must be able to solve every problem in 24 hours or less."

The welfare problem, he points out, took 150 years to reach the present stage, and it will take at least a few years to straighten out.

Weaver, however, maintains that not all welfare reform can come within the state agency. The public, he said, must be educated to understand the poverty problem in the U. S.

The biggest myth, according to the public aid director, is the "lazy, black ADC (Aid to Dependent Children) mother" stereotype. She's the one who supposedly sits around the house all day watching TV and eating chocolates and keeps having illegitimate children in order to boost her monthly welfare allotment. And, of course, she is black.

The first thing Weaver points out is that there are more whites on public aid in Illinois than blacks. As far as being lazy, Weaver points out the welfare mother often must work harder than other mothers just to survive.

"She must be a better money manager just to make her check cover the bare necessities," he said. "Just because they do not do things like middle America, it doesn't mean they have easy lives," said Weaver.

But why won't they work, people shout. You hear it everywhere — from the Illinois General Assembly whenever a public aid bill comes up for a vote,

to quiet cocktail parties when the topic turns to welfare.

To this, Weaver replies that the current job placement program is succeeding. Recipients cooperate; they usually want to work. But there are not enough unskilled jobs to go around.

Pilot projects to combat alcohol abuse and cigarette smoking will be initiated by the National Congress of Parents and Teachers at the beginning of the school term this fall in five different parts of the country. At the same time, PTA units, councils and districts in all states across the U. S., will be continuing their long-standing programs in smoking and health. Many will institute prevention programs on alcohol abuse.

"With the help of government funds, we are undertaking an

experiment in which young people will be encouraged to develop their own preventive and control programs in smoking and alcohol abuse," Mrs. Elizabeth Mallory, national PTA president, has advised the Press-Record.

"From their own efforts and initiative, we hope to gain clearer insights into causes of personal choice behaviors and how they may be dealt with more effectively in the family, the school and the community," she added.

The National Institute on Alcohol Abuse and Alcoholism, a unit of the U. S. Department of Health, Education, and Welfare, has provided funds to work toward solutions for the growing problems related to alcoholism in young people.

It has joined the National PTA and the National Clearinghouse for Smoking and Health, also a unit of HEW, to launch an innovative education-information program. This cooperative venture is believed to mark a milestone in relations between the PTA and the two government agencies.

"Such a program will enable parents and youth to work together to combat cigarette smoking and alcohol abuse," Mrs. Mallory pointed out.

The new program comes at a time when the problem of alcohol abuse among young people is increasingly being recognized as serious. Seventy-five percent of high school students now drink alcoholic beverages, a Gallup poll reveals. Fifty-seven percent more admit that they have more than once drunk too much.

Seventh and eighth graders are drinking cheap wine by the pint, and grade schools are increasingly requesting experts to come and talk to their students about alcoholism.

Dr. Morris B. Chafetz, director of the National Institute on Alcohol Abuse and Alcoholism, doubts that teenage drinking is a new form of youth rebellion. "Most drinking problems rise as young people attempt to copy the drinking behavior of older peers and adults," he

told the American Medical Association at its 1972 convention in San Francisco.

"The use of alcohol in America is here to stay," Dr. Chafetz asserted.

"We adults must help young people learn to treat drinking in a socially responsible manner, if they choose to drink."

"And we must teach them to take a responsible attitude toward their peers who choose not to drink."

The 1972-73 year is the first year of funding for the national

PTA program in alcohol education. Mrs. Carolyn Hendrick, who has served as the national PTA's coordinator of smoking and health since 1966, will also direct the new program.

For many years, the PTA has been concerned about health hazards young people incur by drinking, and has called attention to the need for preventive efforts in varied ways.

In 1966, the national group published a booklet, Thinking Straight About Drinking, consisting of four articles from the PTA Magazine by Herman E. Krimmel, director of the Cleveland Center on Alcoholism.

A national PTA convention resolution in 1968 urged that "education on the abuse of alcohol and other drugs be emphasized among other health problems in comprehensive school and public health education programs."

Over the past six years, nearly 10 million copies of the PTA leaflet, His First Cigarette May Be a Matter of Life or Death, have been distributed to individuals and units of the PTA all over the country.

Copies of this leaflet are available without cost from: National PTA, 700 North Rush St., Chicago, Ill. 60601.

"We hope to have similar success with a leaflet on alcoholism prevention which we will distribute as soon as one has been prepared," Mrs. Hendrick concluded.

First Class Service At University Club

When Sidney Mulder leads guests to a table in the University Club at Southern Illinois University at Edwardsville, they know they'll be getting first class service.

Mulder, a native of Holland, speaks with a slight accent and has all the gracious qualities of a matre de. He brings a wide range of experience in his field to the University Club.

In 1967 Mulder immigrated from Holland to Australia. "I was just interested in traveling, and when I got to Australia I knew I would need money, so I got a job in a kitchen as a helper," Mulder said. "Then I became a waiter and finally a head waiter or captain."

After Australia, Mulder went to Europe and worked in various restaurants gaining experience. He later enrolled in the Lewis Hotel School in Toronto, Canada. From there he came to Illinois with his wife, Ellen (Kreiser), a native of Belleville.

Mulder prefers working in a school atmosphere to the private hotel or restaurant business. "I like working at the club here at SIUE, because it has a professional but also friendly atmosphere," Mulder said. "When you're working for a private hotel dining room, there's no room for a joke. Here we're just as professional, but we can still take

time for a laugh now and then."

People respect professional waiters in Europe more than they seem to in America, Mulder believes. "Part of this is because all waiters in Europe have to go to professional training school—they teach you how to give the best of service to your customers, and I think the customers appreciate that kind of real service," he said.

The University Club is open to area residents from 11 a.m. to 2 p.m. in the summer in the fall the club also will be open from 4 to 7 p.m.

Madison First Baptist To Show Special Film

Filmed in India, Switzerland and at the Ken Anderson film studio in Winona Lake, Ind., the film chronicles the life of Sadhu Sundar Singh, a young Indian who forsook the security of an affluent home to trek the dusty roads of India as a Christian apostle.

Because of its subject matter, the film is believed to have special appeal to contemporary

Steel Employment Edges Up During June

Washington — Domestic steel industry employment continued edging upward during June, according to American Iron and Steel Institute.

ASI reported that 480,094 persons were working for steel companies in the United States during the month. This was an increase of 8,516 employees from May's 480,578 total, and also was the seventh monthly employment increase in a row. Since the beginning of the year, the nation's steelmakers have added 42,917 persons to their payrolls, the institute said. It also reported that domestic steel firms paid out \$488,264,000 in wages and salaries during June. This compares with the \$504,658,000 in such payments reported for May. Through the first six months of 1972, the steel producers had paid \$2,846,528,000 in wages and salaries to their employees. Highlights of the institute's steel industry employment report include:

Total employment costs per hour by employees: \$6.38 in June, 1972, compared with \$6.26 average for 1971. Cost of employee benefits included in the total (pensions, insurance, supplemental unemployment benefits, the non-payroll portions of savings and vacation plan costs and legally required payroll taxes) are partly estimated. The above data covers employees engaged in the production and marketing of steel and exclude mining and other non-steel employees in companies having such operations.

Small Business Agency Sets Visit Schedule

Robert A. Dwyer, midwestern regional director of the Small Business Administration, today announced the schedule of visits by an SBA circuit rider to East St. Louis for the remainder of 1972. According to Dwyer, the circuit rider's visits will resume Thursday, Sept. 7. Other visits, he said, will be made Oct. 5, Nov. 2, and Dec. 7 and, subsequently, on the first Thursday of every month.

While in East St. Louis, Dwyer added, the circuit rider will headquarter in the offices of that city's Chamber of Commerce, 234 Collingsville Ave. According to the director, further information about the circuit rider may be obtained by calling the chamber at 574-5125. Dwyer stressed that the circuit rider "is fully qualified to provide meaningful counsel in connection with any and all SBA programs."

"We strongly urge citizens of the area to take advantage of this convenient method of obtaining aid from our agency," Dwyer said.

Ogilvie Assails 'Double Talk' as Campaign Opens

Governor Richard B. Ogilvie this week launched a statewide "person to person" campaign tour with a blast at "political doubletalk."

He addressed a Republican meeting Monday at Metropolis to kick off the tour. Afterward he headed for Golconda, Vienna and other Southern Illinois communities.

The governor was traveling in a campaign camper equipped so he could keep in constant communication with his office at Springfield.

"I am taking the record of this administration to the people of Illinois to set straight the distortions and doubletalk," Ogilvie asserted. "I'm proud of the record and I'm going to talk about it in the same words—and say the same things—in every part of the state."

"For more than a year Mr. Walker (Democratic gubernatorial nominee Dan Walker) has been peddling political doubletalk in his efforts to fool the public. When he's in Southern Illinois, he's going to cut taxes—but can't say how."

"When he's talking to the Independent Voters of Illinois in Chicago, he's supporting a graduated income tax or a progressive tax or some other tax which would support big spending projects favored by his listeners."

Cites 'Frisk' Laws

"When he's in Southern Illinois, he says he's a law and order man. But to the Independent Voters of Illinois he wants to repeal the stop-and-frisk laws which help policemen in their efforts to keep streets safe."

"I don't believe in that kind of campaigning. I know people are not happy when they have to pay a state income tax. But I had to choose between an income tax—or a bankrupt state. It was a tough decision—but a governor is supposed to make tough decisions."

"And because of the decision, and other, we have eliminated the personal property tax on individuals—and on farmers. We've voided tax rebates up to \$500 for the elderly—as well as the \$1,500 homestead exemption on real estate tax assessments," the governor noted.

Schools, Parks, Ecology

"And we're providing more money for schools—than ever before to university—than ever before. We've turned the corner in the fight against pollution and increased our park and recreation facilities."

"We've improved our roads and created new job opportunities in Southern Illinois and elsewhere."

"That's only part of the record—a small part. In the days to come I'm going to talk about all of the reasons as we go through this state from one end to the other."

"I'm going to tell it like it is. And I'm going to put my record on the line as the issue in this campaign."

"For it is the Ogilvie record and the Nixon record which are the objects of attack by Mr. Walker and Sen. McGovern. I welcome the opportunity to join the issue with them."

Sept. 15 Deadline on Filing Tax Estimates

Individual filing 1972 declarations of estimated tax have a deadline approaching. Leon C. Green, Internal Revenue Service district director for Central and Southern Illinois, said Sept. 15 is the date by which third-quarter estimated tax installments must be filed and paid.

Green reminded estimated tax filers that they will not receive a reminder notice each quarter as they have in past years.

Taxpayers whose anticipated income during 1972 has changed may be required to either amend their declaration, or if they have not already done so, to file one.

Space to compute the amount of estimated tax due is provided in the estimated tax package. Further information on filing estimated tax returns can be obtained from IRS offices.

Student Loan Program Changes Are Rescinded

Changes which were made recently in the Illinois Guaranteed Loan Program for college students by passage in Congress of the Education Amendments of 1972 have been rescinded, according to Larry Dietz, adviser in the Student Work and Financial Assistance Office of Southern Illinois University at Carbondale.

Dietz said the legislators complained that the measure was being misinterpreted and nullified it until clarification can be made.

The program now will revert to its former status, at least until next spring Dietz said. The program enables students to arrange for loans with private lending institutions, with the state guaranteeing repayment in case of default and the federal government paying the 7% interest in cases where need exists.

Dietz said the main point of confusion is in the means for determining eligibility for interest benefits.

FUTURE SECRETARIES of Granite City High School at a planning meeting at the home of Mrs. Charlene Vunovic, committee chairman. They are, left to right, front, Karen Richardson, vice-president; Kathy Williams, president; and Shannon Marmion, recording secretary. Back row, Melanie King, membership chairman; Donna Lindner, treasurer; Alma Davis, program chairman; and Brenda Mathis, corresponding secretary.

Future Secretaries Plan Activities for Year

At the first meeting of the Future Secretaries Association with the faculty advisors and the members of the FSA committee from the Tri-Cities Chapter of the National Secretaries Association, one of the most important items under consideration was the stiffening of requirements for membership in the Granite City High School chapter.

The present qualifications of at least two semesters of a business course would be increased to three semesters, if the suggested change is incorporated into the by-laws at the first business meeting of the group. Any grade below a C in a business course automatically eliminates a student from FSA membership, even if other qualifications are met. The main purpose of the new requirement would be to cut down the number of girls who would be eligible for membership to maintain a smaller, active association.

Along with the new officers, President Kathy Williams, Vice-President Karen Richardson, Recording Secretary Shannon Marmion, Corresponding Secretary Brenda Mathis, and Treasurer Donna Lindner, the chairman of the membership committee, Melanie King, and the chairman of the program committee, Alma Davis, also were present.

The meeting was held at the home of Mrs. Charlene Vunovic, FSA committee chairman. Others on the FSA committee who were present included Mrs.

Mary Gain, Mrs. Sally Gray, Mrs. Linda Fritchey, Mrs. Gail Foley and Miss Janet Barberis. Also present were faculty advisors Mrs. Judi Sparks and Miss Lucille Aramowicz.

Mrs. Sparks set a meeting time with the board and membership chairman for typing and other details in connection with the invitations which will be mailed to eligible business students on Friday. Any student who does not receive an invitation but who thinks she is eligible may contact either Mrs. Sparks or Miss Aramowicz and their grades will be rechecked. A meeting will be held with all interested students after school on Tuesday, Sept. 5, and the initiation fee and yearly dues of \$3 will be required from all who decide to become members on or before Sept. 8.

Plans call for a large initiation and installation ceremony on Sunday afternoon, Oct. 1, which will include parents and friends of present and new FSA members. The place for the ceremony will be announced later.

Programs for the six required educational meetings were outlined as follows: on Oct. 3, a panel composed of four executives from local companies to answer questions from the FSA members; Nov. 7, an NSA-planned program entitled "How's Your D.Q. (Dependability Quotient)?"

Ronnie Hicks Enrolls At Parks College

Ronnie D. Hicks, son of Mr. and Mrs. James E. Hicks, 3 St. Paul St., has enrolled at Parks College of St. Louis University in Cahokia for the 1972-1973 academic year.

He is a graduate of Granite City High School and plans to major in aeronautical meteorology.

Parks College, founded in 1927, is a senior co-educational institution with an enrollment of 650 students. The college offers bachelor of science degree, associate in science degree and certificate programs in aeronautics and astronautics; and a bachelor of science degree program in transportation, travel and tourism.

Parks College was the first federally approved aviation college in the United States.

To Graduate at SIUC

Ronald William Sheppard, 1749 Primrose, is a candidate for a bachelor of science degree at summer commencement exercises tomorrow at Southern Illinois University at Carbondale.

The December meeting will be canceled, and in January the subject will be "Communications—Spoken and Written" featuring a film from Southwestern Bell Telephone Co. One program will be a panel of former FSA members who have jobs as secretaries, who will describe their experiences and hints for the future. A field trip will be planned for the April meeting, and a final meeting will be held on May 1, at which time new officers will be elected for the next year.

Any member who misses three meetings is automatically dropped from membership. This year it has been proposed to reward those members with 100% attendance by inviting them to participate in a banquet at Charlie's Restaurant on Thursday, May 3, at no charge to the FSA member.

Before adjourning the meeting, discussion of a suitable ways and means project was held. The item agreed upon will be brought to ways and means committee chairman Karen Goetting, for her follow-up with her committee.

Fellowships Available To Students, Teachers

Undergraduate students from Southern Illinois University at Edwardsville and area teachers are eligible for fellowships to participate in a program of teaching gifted children.

The program was begun in September, 1970, by the SIUE special education department under a grant from the office of the Illinois superintendent of public instruction that must be renewed annually.

Coordinator is V. Faye Shaffer, assistant professor of special education. She said this year five undergraduates and five teachers will receive fellowships.

Two graduate students already have been awarded aid to participate. They are Elizabeth Herman of Smithton and Harold Stephens of Wood River, both recent graduates of the SIUE Fine Arts Division.

Mrs. Shaffer said students will be matched with participating teachers in university courses and in classrooms of area schools. She said students would observe classes for the second and do some student teaching.

The program will involve cooperation with the Gifted Area Service Center at McAndrew College in Lebanon. Participants will attend workshops during the summer and will perform research for the center.

Mrs. Shaffer said undergraduate students applying should have obtained senior status or be in the final stages of their junior year. She said she is interested primarily in elementary education students but would consider secondary education students.

Interested persons may obtain applications at the SIUE department of special education or call the department at 692-2323.

SIUE Prof Presents Papers at Congress

Thomas O'Brien, associate professor at Southern Illinois University at Edwardsville, will present two papers today at the Second International Congress on Mathematics Education in Exeter, England.

O'Brien was invited to the conference to present a paper, "Why Teach Mathematics?" which deals with alternatives to mathematics currently taught at the elementary school level. A second paper, "Logical Thinking in College Students," is the result of seven years of research by O'Brien on mathematics concept development.

O'Brien presented an earlier paper on logical thinking two years ago at the first international congress.

GEORGE P. MURDOCK

Murdock, emeritus Andrew Mellon professor of social anthropology at the University of Pittsburgh, will receive an honorary doctor of science degree at Southern Illinois University at Edwardsville Sept. 2. The degree will be conferred by President John S. Rendleman during commencement exercises.

Murdock, an internationally known anthropologist, earned a doctorate at Yale University and has served on the faculties of the University of Maryland, Yale and the University of Pittsburgh. In 1971 he was selected to deliver the Huxley Memorial Lecture at the University of London.

A former president of the American Anthropological Association, Murdock is best known for his work on synthesis of theory linking biological, psychological, sociological and cultural variables and development of a world ethnographic sample coded for computer programming.

Murdock is a fellow of the American Academy of Arts and Sciences and a former president of the American Ethnological Society and the Society for Applied Anthropology. He is also a member of the National Academy of Science and the Society of Sigma Xi.

ELP Is Reaching Out For New, Untried Sound

By JUDY HUGG
Copley News Service

Musicians are often a restless breed, frequently turning to new instruments or groups in their search for "the sound" which they feel best expresses themselves.

Emerson, Lake & Palmer are good examples of this virtuoso's search for something better or different. They are relentless with their instruments when it comes to reaching out for a new, untried sound. All of which becomes apparent in their latest album for Culliton entitled "Triology."

The album is a potpourri of electrical rock, classical and jazz music, done in a very high voltage style, giving it an unearthly or spatial quality at times. The mood of the LP changes as often as a lady's mind when buying shoes, but in this case everybody comes away happy.

Especially effective throughout the album is Keith Emerson, who does his usual fantastic job on the piano, organ and two mpeg synthesizers, plus handling a great deal of the writing chores. He has become one of the world's best mpeg players and is able to get sounds from it that few others are capable of doing.

Keyboard Sounds

Keith's far-out keyboard sounds are wrapped in and around Greg Lake's fine vocals and acoustic guitar work. Greg, along with Keith also handled many of the writing assignments—his most exciting being "From The Beginning." His voice, throughout the LP, lends just enough tenderness to keep it from becoming just another ear-beating raw rock album. He tends to give it the right amount of class.

Complementing Keith and Greg is Carl Palmer, who handles the percussion end of things. Carl's driving rhythm on the drums, cymbals and Chinese gongs keep the band moving at an extremely fast pace.

ELP is a group that shouldn't be missed if they ever hit your

part of the country. Although their music is sophisticated and attracts the college age fans, their stage act is renowned for its acrobatic and dynamic forces which can't help but amuse the younger generation.

One reason for ELP's success is their ability to carry over this same excitement on wax. And "Triology" is an example of interwoven ideas and musical talents. Listen to the following cuts and you'll agree: "The Endless Enigma" (Part I & II); "From The Beginning," "The Sheriff," "Abandon The Bore" and the title cut. There's no doubt that it will be riding high on the FM airways for some time to come.

Big Band Sound

If, as they say, the big band sound is bouncing back, Carl (Doc) Severinsen and his trumpet are in there pushing mightily. As soon as they watch Johnny Carson and the "Tonight Show" on NBC know, Severinsen is the widely dressed leader of the band, a musician of great talent who gives Carson a large assist in pushing up the ratings.

Although Severinsen couldn't be called anything but casual in his approach to dress, there's nothing casual about his music. He plays a tightly disciplined trumpet that got that way from thousands of hours of practice in dazzling technique he sounds somewhat like Harry James, one of the world's best mpeg players and is able to get sounds from it that few others are capable of doing.

Youth, 17, Breaks All Rules, Sister Claims

Copley News Service

Dear Pat and Marilyn: My 17-year-old brother is breaking all the rules. He smokes, drinks beer, and reads dirty magazines. The worst thing he did was take money out of Mom's purse. I saw him do it.

Always felt close to my brother and promised him I wouldn't mention the money he took. Now, I feel I did the wrong thing. I asked him why he drank, smoked, and read dirty magazines and he said, "Well, Dad does."

Do you think I should tell my parents?

for its leader, Buzzy Linhart, has recorded an album entitled (what else?) "Buzzy," on Kama Sutra Records. The group produces some nice sounds and leader Buzzy's vocal efforts have character. Their music is rock with more than a hint of jazz on many cuts. Too many unmusical sounds plague much of the album, but Buzzy does a nice job on "Eye-I-2-U" shuffle, "Rolling On" and "You Got What It Takes." Also, a nice job on "Take Me To The Pilot" except for a noisy and very lengthy ending.

What should I do—drop Lee because of Edna or stay in there and fight? You might want to know that we are all over 21.

Dear Geraldine:

Tell Lee that you are going to add another name to this game—one like Jack, Ralph, or Ted. Then date others. You should all play by the same rules.

Dear Pat and Marilyn:

I'll be starting high school before long, and like everyone else, I want to be popular. I'm not the prettiest girl in the block but I guess you could say I'm average.

Some of my friends have said that I must join a certain club and run around with a certain group to get along in high school. I want to fit in with the crowd but am afraid I may be an outsider.

Should I try to join the "in" club and cultivate only certain friendships?

Dear Diana:

Stop worrying so much about social success and clicking with cliques!

You don't have to be the prettiest to be popular. Maintain a pleasant attitude and always be considerate of other people—not flamboyant or a showoff. Be honest and tactful.

Don't be afraid to let people know that you are interested in them. But keep in mind that a phony is easy to spot, so try to apply a little sincerity in making friendships or you may end

When my friend returned, I told her what had happened. She looked in the bedroom and found another capsule on the floor. When the father came home, he took the pills to a druggist who informed him that they are a dangerous drug.

I now feel guilty. It is as if I had brought misery upon my friends. Drugs never entered my mind. At 28, I felt this was living at home. He graduated from college several years ago and is not a teenager.

One afternoon when I was alone (my friend had an appointment), the family dog came out of Charles' room and began to act in a very strange manner. I called him but he would not come to me. Finally I cornered him and he dropped an empty capsule in my hand.

Dear Warrie:

Tell your parents all, including "Well, Dad does." Maybe Dad can convince him to "do as I say, not as I do."

Dear Pat and Marilyn:

I'm dating Lee and he calls me almost every night. In fact, I've received two direct calls from him in one day. The problem is that he also dates another girl, Edna. He has promised to make up his mind which one of us he really loves within the next month or so.

Tell Lee that you are going to add another name to this game—one like Jack, Ralph, or Ted. Then date others. You should all play by the same rules.

Dear Pat and Marilyn:

I'll be starting high school before long, and like everyone else, I want to be popular. I'm not the prettiest girl in the block but I guess you could say I'm average.

Some of my friends have said that I must join a certain club and run around with a certain group to get along in high school. I want to fit in with the crowd but am afraid I may be an outsider.

Should I try to join the "in" club and cultivate only certain friendships?

Dear Diana:

Stop worrying so much about social success and clicking with cliques!

You don't have to be the prettiest to be popular. Maintain a pleasant attitude and always be considerate of other people—not flamboyant or a showoff. Be honest and tactful.

Don't be afraid to let people know that you are interested in them. But keep in mind that a phony is easy to spot, so try to apply a little sincerity in making friendships or you may end

Youth Orchestra Sets Auditions Sept. 23

Open auditions will be held for all sections of the St. Louis Symphony Youth Orchestra on Saturday afternoon, Sept. 23, at Powell Symphony Hall. Students in the Greater St. Louis area, ages 12 through 21, are eligible for the 120-member orchestra, which is conducted by Leonard Slatkin, associate conductor of the St. Louis Symphony Orchestra.

Audition applications may be obtained by sending a self-addressed, stamped envelope to Mrs. Edith Hoagland, 7150 Wise Ave., St. Louis, Mo. 63117 or telephone 644-1666.

The orchestra was founded three seasons ago by Slatkin to familiarize talented young musicians with the environment of a professional orchestra and its repertoire. The orchestra, managed by Mrs. Hoagland, presents three concerts annually and rehearses weekly.

ed. They adopted two conventions on laws and customs of war on land and sea and established a permanent court of arbitration for settling international disputes. But the conference failed to achieve an arms limitation agreement.

1908 Conference Failed

In 1908 a second conference at The Hague also failed to limit arms. A third conference planned for 1915 was never convened because of the outbreak of World War I in 1914.
The League of Nations formed after World War I similarly failed in its covenant for a reduction in armaments and a system of collective security but it, too, failed.
So also did a new series of international agreements initiated at Locarno, Switzerland, in 1923. This Locarno Pact or treaty declared the German, Belgium and Franco-German frontiers established after World War I to be inviolable and provided that Germany, Belgium and France would never make war against each other except in legitimate defense.

Fixes Limit

The agreement also puts a limit on the construction of missile-carrying submarines. The upshot is the Soviet Union will have a big edge in total tonnage and numbers of nuclear weapons, but the United States for now will have more than two to one edge in warheads, 5,700 to 2,500.

In intercontinental ballistic missiles the breakdown is the United States, 1,654, Soviet Union approximately 1,600; in missile submarines, the United States 41, Soviets 42, in nuclear bombers, the United States 551 and Soviets 140.
The principal problem for the United States in maintaining parity with Moscow in nuclear power will lie in the fact that the Soviet Union presumably is about ready to begin installing multiple independently targeted reentry vehicles (MIRVs) in its ICBMs.

Ten New Subs

The Defense Department wants to build 10 Trident missiles, one with a reach of 1,000 miles and one to be developed later, 6,000 miles. Trident subs are also expected to be able to carry up to 24 missiles compared to the 16 on Polaris-Poseidon ships.

Present Antidote

The present antidote attitude in Congress, however, may make approval of this qualitative gain in U.S. defense power difficult to obtain.

Similarly, a Question Mark

hangs over Congress' willingness to finance an A.B.M. screen for Washington, D. C., to go with the A.B.M. system now being erected near Grand Forks, N. D. Work on an A.B.M. site in Montana will be halted.

Such problems are compounded

by the fact that the new SALT arrangements do nothing to change the arms race.

Conventional weapons, which

have been used exclusively to fight all wars since World War II.

It is possible that all this adds up to well-planted seeds that could cause the downfall of the U.S.-Soviet SALT plan unless further curbs are imposed before the initial five-year term of the offensive weapons agreement expires.

Past efforts in history to curb

arms and war have succeeded to similar forces. In 1890, an international conference was called by Czar Nicholas II at The Hague capital of The Netherlands. The czar said its purpose was:

"A real and lasting peace and above all... limiting the progressive development of existing armaments."

Twenty-six nations participated.

PROBLEMS WITH CHIGGERS

Newer repellents like DEET make picnic and fishing trips more fun by preventing a problem with chiggers.

Chiggers have a tough time when you spray or rub DEET repellent on cuffs, collars, socks and exposed skin. Even with repellents chiggers may find an unprotected area unless you promptly change clothes and take a shower.

Usually the bath and soap kills most of the chiggers, but you may still notice some itching. Immediately treat the itchy area with an antiseptic to kill the chiggers. Itching will probably continue for sometime after the treatment.

APHIDS AND TREES

If chiggers are a problem at your summer cottage or lakefront lot, treat the turf with Diazinon. Follow directions on the package and thoroughly wet the turf.

When trees and shrubs suddenly develop curly leaves you will find a colony of aphids inside the deformed leaves. All promptly change clothes and take a shower.

Prompt spraying with malathion or diazinon will provide some control. Concentrate on the clusters of leaves. Rolled leaves protect the insects because the chemical cannot reach all of them.

The tree is not seriously harmed and may develop a short spurt of growth with healthy green foliage.
